

Ms. Heller (K-8 Art)

I am a new teacher at Holy Family Grade School. This is my second year of teaching art. I previously taught at three different schools in Vincennes, Indiana. I am very excited to be in a new school environment this year, and am eager to share my passion for art with my students!

I am a native of South Bend where I attended St. Anthony de Padua Grade School and Marian High School. I hold a Visual Art Education degree from Ball State University in Muncie, Indiana. While studying there, I had an opportunity to visit various locations in Italy and Spain for five weeks and see the beautiful artwork there. God works through the hands of His children, and it was a wonderful opportunity for me to pass my personal experiences and knowledge onto my students.

I am so blessed to have joined a welcoming community of teachers, administration, students, and parents this year. I thank God every day for giving me the opportunity to teach at Holy Family and the honor of teaching your students!
